At the time the item was written it was impossible to tell what disposition had been made All political advertising or other printing of him by the "601." After they had nabbed him on Virginia street and hurried him into the alley near Morris Ash's, he had time to scream "Help!" "Help!" twice before he was gagged. Then four men carried him in a run to a secluded place up the river. Frightened almost to death, he begged piteously for his life. Tar was put on his face only, and he was allowed to go. Coming back he took the west-bound overland train and went to Truckee, where finding his father, also warned out, the two returned to Reno on the lightning and continued on to Virginta City, probably with the intention of shaking the dust of Reno off their feet forever. Young Cook reported himself as fearfully frightened, but not hart much. The Vigilates evidently mean business when they send notices ordering persons out of town. #### REPUBLICAN PLATFORM.

Adopted at Bureka, Sopt. 18th, 1976.

Resided. That we realized the principles of and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine; that this is a nation and not a confederacy bound together with rope of sand, and that both State and national govern ments should give ample and complete protect tion to its citizens, both at home and shroad; that against the assaults of trailors and rebals the Republican party has preserved these governments, and the Republicans of Nevada now demand that every qualified elector in every State -in every State South and North-Democrat or Republican, black or white, aball be permitted. undisturbed by force and unawed by fear, to vote at all elections at the places prescribed by law, and that every vote so cast shall be homestly counted, and that every person chosen by such votes, to any office, shall be freely induced into it and effectively supported in the discharge of its duties; that the permanent pacification of the outhern section of the Union, and complete protection of all its citizens in all their civil, political, personal and property rights, is the duty to which the Republican party stands sacredly pledged. In order to rederm this pledge, it

placed the recent amendments in the Constituion, and upon the righteous basis of said amends ments it will go forward in the work of pacification, until peace shall come through right doing. and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of suspended war claims of disloyal men, aiready proscuted to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican con-Resolved, That the validity of the presidentia

Resolved. That we recognize the wisdom of the framers of our Constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the pres ent system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay no more than their just proportion of taxes, while the railroad property situated within this State pay much less than its proporion, that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, at the same time havng due regard to the surplus of funds already in
